

PATIENTS

After careful evaluation of our resources, it was determined that Arthritis Consultants of Tidewater will not be serving as a vaccine distribution location to administer the Covid/Coronavirus-19 vaccine to our patients.

Due to the limited initial supply of doses in the United States, the Centers for Disease Control and Prevention (CDC) developed recommendations for a phased vaccination rollout. We have prepared a letter for you that recommends you can be prioritized for receiving the Coronavirus-19 vaccine. Please ask your nurse for your personalized copy.

Virginia's state vaccination plan can be reviewed at: <https://www.vdh.virginia.gov/covid-19-vaccine/>. In support of this, we are also providing the contact information for local city/county locations to identify where you can pre-register to be put on the virtual wait-list to receive the Covid/Coronavirus-19 vaccine:
